

16th ENGINEERING HERITAGE AUSTRALIA CONFERENCE
Wrest Point Conference Centre Hobart Tasmania 13-16 Nov 2011

Program

There will be a social gathering and welcome on Sunday evening.

The conference will consist of three days of sessions, including a Tuesday afternoon breakout for a local tour and a heritage recognition ceremony.

A four-day pre-conference tour Thursday 10th – Sunday 13th will go to the north and west coasts, seeing a variety of heritage works and include a trip on the West Coast Wilderness Railway which uses the Abt rack system.

An eminent keynote speaker will set the tone for the conference.

Venue

Wrest Point has a premium waterfront location on Hobart's magnificent harbour. It has expansive views of Mt Wellington and is within walking distance of Hobart and the historic suburb of Battery Point.

Conference deadlines

28 February 2011 Receipt of Abstracts

31 March 2011 Acceptance and Instructions to Authors

1 June 2011 Registration opens

31 July 2011 Deadline for Receipt of Papers

31 August 2011 Early Bird registration closes

☐ Please keep me on the list for further information, registration details & program.

☐ I intend to submit an abstract and will do so before 28 February 2011. Proposed topic.....

☐ I am/we are interested in the pre-conference tour
Number of persons.....

I suggest the following be sent a brochure

16th ENGINEERING HERITAGE AUSTRALIA CONFERENCE

General

This conference is the latest in a series of biennial conferences held mostly in Australia with every fifth one in New Zealand. The previous conference took place in Dunedin in November 2009.

The conference organisers are now inviting preliminary expressions of interest to participate as registrants, as authors of papers or poster presentations, or to join the pre-conference tour.

Further information concerning the acceptance of abstracts, the format for papers, the conference program and the pre-conference tour itinerary will be provided in due course, and will be published on the conference website www.cdesign.com.au/ehac2011

Keynote speakers

Professor Geoffrey Blainey, eminent Australian historian.

Mr Michael Chrimes, Director, Engineering Policy & Innovation, Institution of Civil Engineers, UK; formerly Librarian at the ICE.

Papers

Papers showing some success in conserving our engineering heritage will be particularly welcome but there are useful lessons to be learned from failures as well.

A wide range of topics is expected. If you have been involved in identifying, recording, conserving, restoring or adaptively re-using engineering heritage works, we'd like you to tell us about it.

Intending authors are requested to email an abstract not exceeding 250 words to penny@cdesign.com.au **before 28 February 2011**. Abstracts need to include the paper title, contributing authors and full contact details for the contact author. Please send as a Word document.

Attendees

Intending attendees are requested to register their expression of interest on the attached form.
