'The Monuments Men' by Robert M. Edsel, in each state

The AICCM warmly invites members, their family and friends, to join us in a screening of *The Monuments Men*. Proceeds from this fundraising effort will support our general funds. These funds enable the AICCM to further our work of promoting the conservation of cultural heritage within Australia and improve access to information and expertise in community and regional areas.

The Monuments Men is based on the true story of the Monuments, Fine Art and Archive (MFAA) Task-force set up by the Allied Forces during WWII and entrusted with the mission of locating and protecting works of taken by the Nazi regime. Based on the book of the same name, the movie tracks (fictionalised) members of the MFAA as they rescue two key works: *The Madonna of Bruges* by Michelangelo and Jan van Eyck's *The Ghent Altarpiece*.

For more information, please contact Susie Collis (Vic State President) or Ian Batterham (ACT State President) via the AICCM Secretariat at secretariat@aiccm.org.au.
