

APT AUSTRALASIA CHAPTER – ‘LONGFORD ACADEMY’ 5-Day Program in Advanced Conservation Techniques at Woolmers and Brickendon Estates, Tasmania

LONGFORD ACADEMY 6: QUALITY AND SUSTAINABILITY investigation and repair of significant building fabric 11–15 May 2015

The sixth ‘Longford Academy’ (LA6) is a short program in the conservation of sites and traditional structures at Woolmers and Brickendon Estates, Longford, Tasmania (World Heritage inscribed).

- ✓ Understand environmental impacts, deterioration and how to deal with complex challenges
- ✓ Investigate significant building sites and fabric
- ✓ Learn how to obtain sustainable conservation outcomes
- ✓ Share knowledge and experience with conservation practitioners
- ✓ Work beside experienced traditional trades practitioners. Learn by doing
- ✓ Relax and learn in a World Heritage cultural landscape

Presenters

APT participants have extensive experience in conservation and education. Heritage conservation specialists demonstrate techniques and lead hands-on field activities at selected sites.

Activities

Activities include inspections, workshops, demonstrations and direct involvement in conservation works across both sites. Reports on activities undertaken at past events can be found at <http://aptaustralasia.wordpress.com>.

Participation Fees

A daily participation fee of \$100 (\$75 APT members) covers materials, site costs, refreshments and lunches. Single-day attendance subject to place availability.

Accommodation

B&B accommodation is available on site at Woolmers Estate (www.woolmers.com.au) and Brickendon Estate (www.brickendon.com.au). Bookings direct to Woolmers and Brickendon.
