PRELIMINARY STUDIES FOR AL-HANAFI MOSQUE, JEDDAH

The Center for the conservation of the Islamic Architectural Heritage will prepare the architectural documentation using Total stations, photogrammetry and as well as the restoration project, which included the preparation of environmental studies.

These studies will have a direct impact on the method of building restoration. The general principles and standards for the restoration process, conservation and restoration strategies will be prepared in accordance with international charters, including general standards and guidelines for the rehabilitation process.

Al-Hanafi mosque was built on 1240 A.H. / 1824 A.D. Named after Imam Abu Hanifa Nu'man ibn Thabit. The mosque was built by Muhammad Ali Pasha, while his son Ibrahim Pasha was the governor of Jeddah governorate during the reign of the Ottoman Sultan Mahmud Khan II (1223-1255A.D. / 1808-1839 AD).
