

HERITAGE BUILDINGS CATEGORY

The NSW Government's 16th annual Green Globe Awards are the leading environment awards in NSW, showcasing environmental innovation, leadership and performance. The awards will be hosted by the Mark Speakman, Minister for the Environment in October at Art Gallery of New South Wales.

They provide a great opportunity to showcase and highlight the fantastic work and environmental projects that *is* being done throughout NSW.

There are 17 award categories and one category specifically for - **Heritage Buildings** (see details below).

Built Environment Sustainability: Heritage Buildings

This award honours a heritage-listed building in NSW that has successfully developed and integrated environmental management and sustainable practices into the building's fabric and management. This category rewards innovative actions taken to improve the efficiency and general environmental performance of the building, whilst retaining the asset's heritage values.

Eligible entrants: the project must relate to Heritage Buildings listed on the World Heritage List, National Heritage List, NSW State Heritage Register, State Agency Heritage Register and/or a Local Environmental Plan. Entrants are requested to provide details of the statutory heritage listing to the requested organisation profile in your application. Please also supply a Statement of Heritage Impact obtained for any nominated building modification works, along with relevant plans and photos. Nominations can come from owners, tenants or architects.

To get started:

- read the [nomination guide](#)
- choose an [award category](#)
- [create and submit your nomination](#)

Entries close 5pm **Monday 13 July 2015** and for all details on nominations and the Green Globe Awards please go to: www.environment.nsw.gov.au/greenglobes/
