

# Knights Cottage

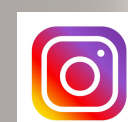

*46 Gould Road, Stirling*

Built on land granted to Samuel Knight in 1854, Knights Cottage is a stone and pise dwelling. The cottage is State heritage listed due to it being an intact example of a very early pise dwelling built in the Adelaide Hills. Left vacant for the past 40 years, the cottage is at risk of falling into disrepair. New owners Kirsty and Mark Nield are determined to restore the cottage, ensuring it stands as a record of early South Australian vernacular architecture for future generations.

## Kirsty Nield

- Senior Conservation Officer  
Heritage South Australia
- ICOMOS Professional
- Master of Architecture
