

APT Spring Workshop at Longford

Conservation Repair Methods Saturday 1 September

The APT Australasia Chapter Longford Academy Spring Workshop is presented by experienced APT specialist practitioner educators. The workshop includes information sessions, discussions, inspections, demonstrations and hands-on activities.

Workshop Outline

Wood carpentry and joinery

A session on traditional joinery and timber repair is presented by Gary Waller, carpenter, joiner and Managing Director of Allways Wood Joinery and G&C Waller, Builders, specialising in conservation of significant heritage building fabric.

Masonry and Mortars

A session on masonry conservation and lime mortars is presented by David Young, conservation practitioner, educator and author of State and National technical publications on the conservation of masonry structures.

Roofing and Roof Plumbing

A session on Roofing and Roof Plumbing conservation techniques is presented Greg Owen, a maintenance engineer, licensed plumber, conservation specialist contractor and managing director of Period Building Conservation, Stanley, Victoria.

Workshop Details

The one-day workshop on Conservation Repair Methods, is held at the Nigel Peck Centre, Woolmers Estate, Longford on Saturday 1 September from 8:30am to 4:30pm.

Terms and Conditions

The following terms and conditions apply:

- ✓ All activities are undertaken on-site at Woolmers and Brickendon historic sites.
- ✓ APT members and participants are deemed to be 'visitors' at the historic sites. All site regulations and codes of behaviour must be observed at all times.
- ✓ APT in conjunction with Woolmers provides morning tea, coffee, juice, some snacks and lunch.
- ✓ Each participant is responsible for their individual safety and, as far as practical, for the safety of others during the workshop
- ✓ The program is subject to change according to weather conditions. If site conditions are unfavourable, activities may be relocated, reduced or cancelled.
- ✓ All participants should come prepared for outdoor activities in prevailing weather conditions.

Sponsorship and Support

The APT Australasia Chapter is supported by TBCITB to present the workshop. Tasmanian industry participants are eligible for funding support to attend. For details see <http://www.tbcitb.com.au/apply/attend-a-course/>
